

ABORIGINAL AND TORRES STRAIT ISLAND PEOPLE POLICY

Lunar Mining recognises that in many of the regions in which we work there are significant traditional/cultural issues for Aboriginal and Torres Strait Island people.

Our employees will recognise and respect Aboriginal and Torres Strait Island native title rights, their cultural diversity, and their aspirations for self-sufficiency.

As an employer, in addition to our commitment to our Equal Employment Opportunity Policy we will provide strong support to the provision of employment opportunities for Aboriginal and Torres Strait Island people. Where working in regions of high Aboriginal and Torres Strait Island populations, we will consult with and listen to Aboriginal and Torres Strait Island representatives; where needed, cultural awareness training will be provided to our employees.

Signed:

Brad Comiskey
Director
